JUSTIFICATION FOR COVERAGE OF TARGETS BY MISSION C595C

Monthly coverage of priority targets in South China, as well as weekly coverage of one-fourth of the priority targets, was directed by the United States Intelligence Board⁽¹⁾. The targets for South China coverage are shown on the map, page four. The latter has been provided by COMOR⁽²⁾. Periodic coverage of the priority targets should provide the Intelligence Community with sufficient information concerning a possible increased Order of Battle in South China, from which the Intelligence Community could make a more accurate estimate of the Chicom posture and intentions relative to the Vietnam situation.
